**REGIONAL COMMUNICATION INFRASTRUCTURE PROGRAM MALAWI (RCIPMW) PROJECT LAST MILE CONNECTIVITY**

The Government is also implementing Regional Communication Infrastructure Program Malawi (RCIPMW) Project. The overall aim of the project is to improve the quality, availability and affordability of broadband within Malawi for both public and private users. The project also aims at providing internet connectivity to public institutions under the Last Mile Concept. Last Mile Connectivity has been implemented in Three Phases. Phases One and Two are completed while Phase Three is awaiting Certification.

The Tables 6, 7 and 8 indicate the sites/public institutions which are implemented under Last Mile Connectivity.
